for commercial use.

Airos Big Pin II SW #67540

Colour anthracite/black

All functions are switchable on the device and via the infrared remote control.

- Elegant housing made of shock-resistant ABS plastic, anthracite/black or painted white.
- 3 speed settings.
- Timer for up to 7.5 hours.
- Natural modes for continuously varying airflow.
- Remote control storage in the fan head.
- Temperature function controls the speed.
- Subtly lit display shows the function that has been selected.
- Specially developed impeller for low noise whilst maintaining top air performance – range up to 8 m.
- Stable, anti-tip base.
- Internal 65°-oscillation evenly distributes the airflow around the room.
- **2,5 m Zuleitung mit Euro-Flachstecker.**
- Practical handle integrated on the reverse side of the housing.

Product	Code No.	Colour
Airos Big Pin II SW	67540	Anthracite/black
Airos Big Pin II WE	67541	White

Technical details		Dimensions (mm)	
Power motor (W)	40		
Voltage (V/Hz)	220-240/~50		
Number of speeds	3		
Rpm min. -1	1,270 max.		
Oscillatory motion (°)	65 internal		
Weight (kg)	5.2		
Sound pressure (L _p -3 m) dB(A)	37.9		
Sound power (L _w) dB(A)	60.0		
Airflow max. (m ³ /h)	465*		
Service value (m ³ /min/W)	0.19		

Ambient temperature -10° to +40 °C. * measured in accordance with ISO 5801
